Congrats **Crim**!  
What school did  
you say you're  
going to?

Thanks, **Co**! I'm  
off to the  
***University of  
Colores!***

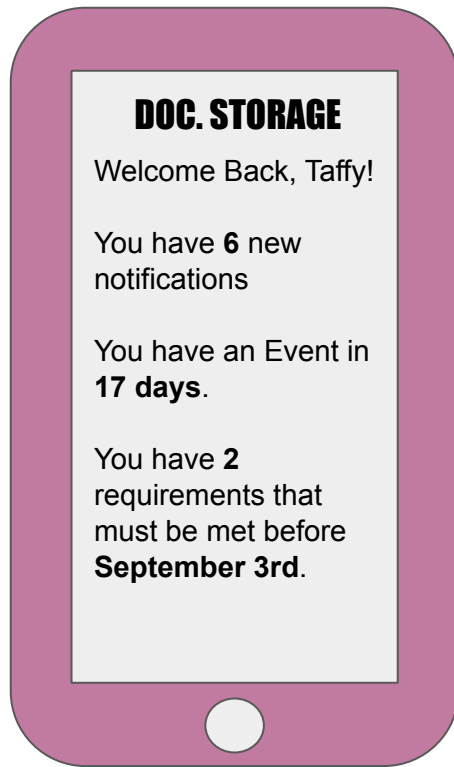

**Cobalt** and **Crimson** were both apart of the Class of 2020, and recently graduated, and were best of friends. After the ceremony, they decided to chat about University.

Upon exchanging details, they both agreed that the process to applying to University and registration was difficult and futile, until catching up with another friend, Taffy, enlightening them upon "Document Storage."

**Taffy** took it upon herself to educate **Cobalt** and **Crimson** on the *lifesaver* that is **Document Storage**-- and application all incoming freshmen or transfer students *need* in order to start off the year on the right foot!

Holy moly, **Taff**! The app shows you *that* much?? It's practically a storage drive AND an agenda! I need it!

No kidding, **Crim**. I have no clue what I'd do without it. Literally so stress free this Summer!

Upon preaching the necessity of **Document Storage**, it is evident that in order to have a *stress free* Summer and have make the college transition much smoother than it should be, it is evident what you should do...

Well, I don't know about you, but I'm about ready to download that app... Do you think it's worth it?

Are you kidding? A virtual agenda that stores my PDFs, docs *and* notifies me anytime I have an event or upcoming due date? I don't care *how* much it costs... I need that to stay organized!

Download the App today!
